Both negroes were thoroughly composed and had but few words to say to the officials and colored ministers assembled to witness the execution. The necks of both negroes were broken.

There was no crowd of morbidly curious persons about the jail, and the execution was speedily completed. Broughton murdered his father-in-law, Harry Horne, 80 years old, while Graham killed another negro, supposedly about a woman, alleging that he thought his victim was an escaped convict whom he was trying to arrest.

GIRL DIDN'T KNOW NATURE OF ACT

Defense of Mrs. Josephine Terranova Outlined.

SHE WAS TEMPORARILY INSANE

Her Attorney States to the Court that When the Girl Killed Her Aunt She Did Not Know the Course Was Wrong.

New York, May 21.—The defense of Mrs. Josephine Terranova, charged with the murder of her aunt, Mrs. Conceta Reggio, was begun Friday.

Former Justice Palmieri, counsel for the accused, outlining her case, declared that the crime of the aunt against the girl was blacker, deeper and more horrible than that of the uncle, for she opened the door that sent the girl to her doom.

The crime of the uncle, whom she killed, he said, was committed against her, when she was less than 12 years old, and the aunt directed the girl to enter her uncle's room. Brooding over her trouble, counsel continued, the girl became temporarily insane. In

this insanity she saw visions and heard voices repeating, "You must kill." On the day when she stabbed her uncle and aunt she had first prayed, asking whether the voices were of divine origin, and thought she heard the answer that they were.

"Our defense shall be," said Mr. Palmieri, "that the girl did not know she was doing wrong."

Court officers brought into court the defendant's mother, Mrs. Pollaho, who is an invalid, and who left a sick bed recently.

She said that both her parents and those of her husband were addicted to drink and that she was subject to epileptic fits. She said that Reggia claimed he had adopted Josephine and that he would not allow the witness to talk with her.

WATCH TOWER IS TORN DOWN.

Lumber Is Being Used To Repair the Sidewalks of Zion City.

Chicago, May 21.—Zion's watch tower, the first structure erected by Jno. Alexander Dowie, in the city he founded, has been torn down. The lumber is being used to repair the sidewalks.

The structure was 80 feet high, and was 20 feet square at the base. It stood in the center of Shiloh park, and when it was put up the site was dedicated to the wonderful temple, which some day was to arise there.

Dowie is contemplating leaving the city and taking up his residence at Ben McDhui, his White Lake, Mich., house.

Dowie is living apart from the members of his family in Shiloh house. He has given up all idea of reconciliation.

A cross bill filed by Overseer Voliva's attorneys at Waukegan, declares that Dowie's administration cost the Zion industries $1,500,000. Affidavits describe hallucinations and trances of the "phophet" in recent months.

New York, May 21.—The first test case of the so-called "anti-tipping law" was begun Friday with the arrest of Frank T. Burse, a harness maker, charged with paying to a servant a commission on goods purchased in an employer's name. Assistant District Attorney Lockwood told the court his office was in receipt of complaints from department stores all over the city, alleging that it was almost impossible for them to supply many well known families because the servants of these to whom was entrusted the business of purchasing supplies, invariably patronized firms that paid them commissions.

FLAMES SWEEPING OVER MANY COUNTIES

Tract of Land Fifty Miles Square Laid Waste.

SEVEN TOWNS ARE DESTROYED

Hundreds of People Are Homeless. Thousands of Dollars' Worth of Property Destroyed—Four Counties Are Swept by Fire.

Escanaba, Mich., May 21.—Driven by a heavy gale, one of the most destructive forest fires in the history of this district Friday afternoon laid waste a tract of land 50 miles square and is still spreading. At nine o'clock it was definitely known that the following cities and villages have been completely wiped out:

Quinnesec, population 2,000; Schaefer, 600, Raiphs, 400, Salvote 200; Coreell, 500, Woodland, 200, Talbot, 400.

At North and several other points on the line of Escanaba and Lake Superior road at 6 o'clock, when all communication was cut off, the fire had reached the outskirts of the villages and no hope of saving any of the property was offered.

Hundreds of people are homeless and are being brought into Escanaba as fast as trains can be sent to the burned district. In addition to the loss of several saw mills and other buildings, millions of feet of cut timber have been burned and great tracts of standing timber have been badly damaged.

The loss of the Stephenson company, of Wells, from burning timber alone, it is believed will approximate several hundred thousand dollars.

As far as can be learned, no lives have been lost, although families of several homesteaders are missing.

The safety of large lumber crews at work in the heart of the heavily wooded counties and with no railroad facilities offered, is feared for.

Four Counties Swept by Fire.

Marinett, Wis., May 21.—The best information obtainable is that the forest fire which is sweeping the country north of here has reached Iron county, north of Dickinson.

This makes four counties which are suffering from fire. The area is 200 square miles.

The country swept by the flames varies from pine timber lands to barrens. Part is iron mining country and the district includes tracts of hardwood which has never been touched by the ax. In the barrens settlers have taken up their residence and it is for these that the greatest anxiety is felt.

Mining Town Destroyed.

North Bay, Ont., May 21.—A report has reached here that Cobalt, one of the mining centers in New Ontario, was completely destroyed by fire. It is also reported that several persons were killed by an explosion. A later dispatch says a large quantity of dynamite in the northeastern section of the town ignited by a bush fire, exploded, wrecking 25 houses. Several persons were injured, but so far as can be learned no one was killed. The wires are down between here and the northern towns, and the situation at that place cannot be learned.

MRS. A. G. PARKER HAS PASSED AWAY

Authoress of Parker Kindergarten System is No More.

SYSTEM WAS INTERNATIONAL

It Was Recognized the World Over as Being the Most Practical System, And Many Prominent Musicians Endorsed It—Funeral Today

The community was shocked Monday evening to learn of the death of Mrs. Ankie Green Parker, wife of J. P. Parker, which occurred at her home, 701 East Main street, N., at 5:30 o'clock, of hemorrhage of the lungs. While the deceased has been an invalid for some time, and the demise was not a surprise, it was a shock to her large circle of friends.

Deceased was a most remarkable character. Born at Covington, Tenn., sixty-three years ago, she was reared to womanhood and was married, after which, twenty-three years ago, she moved with her husband to Ocala, where for several years she was a successful music teacher, being recognized as one of the finest musicians in the country. She was the authoress of what is known as the Parker Kindergarten System, which has been approved by musicians all over the world as the best system for beginners, and the safest system for advanced pupils, ever published.

Nine years ago Mr. and Mrs. Parker came to this city from Ocala. They purchased a home on East Main street, N., amid a magnificent cluster of water oaks, and have lived there in all the happiness that the human soul could desire.

Mrs. Parker, so passionately fond of music, which denoted a clear conscience and a good soul, could not desist from taking pupils, with the result that her patronage was more than she could physically bear from the labors attendant thereto, but she had the consolation of knowing that she had turned out from her little conservatory more thorough musicians than any other school of the kind in Florida.

Deceased was possessed of a most gentle, genial disposition. She not only loved her profession, of which she was mistress, but she loved every pupil who came under her for instruction. She was indeed a tender-hearted woman, and one whom will never be forgotten by those who owe to her the correctness of their training.

Mrs. Parker, during her residence here, has made a friend of everyone whom she has met. She was one of the most widely known and most beloved ladies in the city, and her death will be a source of regret to all who have known her—and more especially to the hundreds of pupils who have graduated under her direction, and to whom she has been so faithful and so kind.

The funeral services will be held from the residence at 10 o'clock this morning, and the following gentlemen are requested to act as pall-bearers:

B. R. Colson, W. W. Colson, Harry Pearce, Benj. P. Richards, Jr., W. M. Dale and W. P. Coffey.

The interment will be in Evergreen cemetery.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

He was born at Newnansville on February 22, 1846, and was therefore a little more than sixty years of age when he died. He entered the Confederate army when quite young, and earned an enviable record as a soldier, rising by merit alone to the captaincy of his company before he reached his twentieth year. He had lived in Polk county for twenty years, engaged in different occupations, the last being that of a teacher, for which he was well fitted by reason of having received excellent educational training. The evidence in the case tended to show that the man with the luscious name of Mulberry actually held up an old colored man by the name of D. D. Reeves on the public highway, and compelled him to deliver over his "wad," amounting to about ten dollars.

SCROFULA AN INHERITED MISFORTUNE

Every one has a hereditary right to a pure blood supply, which insures a strong, healthy body; but how many do we see who have inherited that greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly intrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no signs of it are ever seen again and posterity is blessed with a pure blood supply. Book on the blood and any medical advice desired without charge.

PRIMARY EXERCISES AT HIGH SCHOOL

Little Red Riding Hood Will be Presented by Little Folks.

A FINE PROGRAM ARRANGED

The Cast Comprises Many of the Interesting Little Tots of This Department, Who Are Bound to Please Those Who See and Hear Them.

After a most successful term of eight months, the University High School, of which Prof. W. N. Sheats is principal, Prof. Tom F. McBeath assistant, with a full corps of competent teachers, closed a most successful year Monday. This term has been one of the most gratifying for many years, and the work performed in the various departments, from the high school to the primary department, has been most effective.

There were no literary exercises Monday, the day being devoted to the classification of pupils for the coming year.

This evening will begin the literary exercises, which will be held in the auditorium of the school building. This is one of the largest auditoriums in the State, and is second only to the auditorium of the Winter Bible Conference in this city. There is ample seating capacity, but those desiring a seat near the stage would do well to come early

The exercises this evening will be by the primary grades, which have been successfully taught by Misses Sanchez and Balis. These teachers have exercised a great deal of care in the training of the little ones for the presentation of that popular children's story, "Little Red Riding Hood," which will be the feature of the evening. The program, which will be distributed at the auditorium, comprises the names of many little lads and lassies, and is bound to please. The play has an interesting synopsis, which is old and naturally familiar, but never grows tiresome.

During the evening the entertainment will be interspersed with various vocal and instrumental numbers, and will open with a Chinese drill by sixteen girls.

The public is cordially invited to these entertainments, which will be held on Tuesday, Wednesday and Thursday evenings. The latter two will be devoted to the grammar and high school exercises.

Postmaster Robbed.

G. W. Fouts, postmaster at Riverton, Ia., nearly lost his life and was robbed of all comfort, according to his letter, which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters, which cured me and have kept me well for eleven years." Sure cure for biliousness, neuralgia, weakness and all stomach, liver, kidney and bladder derangements. A wonderful tonic. At all drug stores. 50 cents.

HEAT PROBLEM SOLVED

How Jones Kept Cool While His Neighbors Roasted.

The secret is out.

"These last few days have been scorchers, haven't they?" said the man with the linen suit, to Jones, on his way to luncheon.

"I haven't noticed it much," replied Jones; "in fact, we've managed to keep pretty cool at our house. For awhile, however, we did suffer from the heat, and each day seemed hotter than the last.

"But the other day my wife was down shopping and she discovered something that has made our porch the coolest spot around the place.

"Mary serves luncheon there, and the youngsters spend the whole day on the porch, free from any danger of sunstroke. We get every breeze that passes, and the sun can't touch us.

"We're the envy of everybody in the block, and both Brown and Smith said this morning they were going to follow my example."

"What's the name of this wonder-worker?" said the man in the linen suit.

"Vudor Porch Shades," replied Jones, as he turned in his gate. "You can get them at the

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" *cures* all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes every ingredient of which has the professional endorsement of the leading medical writers of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address *free*, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of.

"The Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has THE BADGE OF HONESTY on every bottle wrapper, in a full list of its ingredients.

Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels.

THE CITY COUNCIL.

Important Measures Acted Upon at a Recent Session of That Body.

At a recent meeting of the City Council many matters of interest and importance to the city were passed.

The committee appointed to canvass the returns of the special election held for the selection of a member of the Board of Public Works, made its report, which showed that S. J. Thomas, for this position, received 118 ballots. The report of the committee was accepted.

Alderman Taylor reminded his colleagues that the summer months were now dawning upon us, and also reminded them that the streets would be hot and dusty. He believed in the comfort of pedestrians, and made a motion to the effect that the Street Committee be authorized to buy a street sprinkler at a cost not to exceed $205, f. o. b. factory, capac ty to be 600 gallons. Tnis motion was unanimously adopted.

The following resolution, which explains itself, was received and adopted:

"Hon. G. K. Broome, President City Council.

"Sir: In re pet tion to reinstate J. E. Moyers as a paid driver in the Fire Department.

"On the Chief of this department rests the sole responsibility for the valuable apparatus, for maintenance of efficiency and for the necessary discipline.

"Since Chief O'Neill has administered the affairs of this department in a most satisfactory manner, maintaining a high state of efficiency at a minimum of cost, we feel that it is necessary to concede to him, within reasonable bounds, the privilege of maintaining the integrity, efficiency, and discipline by such means as he considers necessary, for which reasons we recommend that the petition be denied.

"Respectfully submitted,
"A. E. WITTSTOCK,
"W. B. TAYLOR,
"J. F. BUSCH,

TERRIFIC FIRE AT EVINSTON SUNDAY

Elegant New Home of Mr. and Mrs. Collins Laid in Ashes.

BARRON HOME IN DANGER

This is Also a New Home, and It Was Only Through Hard Work of Many Who Volunteered that It Was Saved. Collins Lost No Furniture.

Evinston May 21.—About 9 a. m. Sunday morning fire destroyed C. M. Collins' new residence. Fire was coming out of the top of the second story when discovered. Everything was saved from the lower story. As soon as the fire was discovered about thirty men at the depot nearby went to assistance and in a few minutes over one hundred men and women were working like beavers to save every movable article, and as soon as everything was moved out the workers began on J. F. Barrnon's new two-story dwelling with a bucket brigade, and though the Barron house was only seventy-five feet south, by having plenty of earnest workers, no wind and plenty of water, the house was saved. Everything was removed from the building, as it was not thought possible to save the house.

Mr and Mrs. C. M. Collins and Mr. and Mrs. J. F. Barron wish to extend their thanks to the ladies, men and boys, to everyone, white and colored, for their earnest work in saving everything.

Mr. Collins had about half insurance. Mr. Barron had insurance to cover all damage.

Card From Captain Dickinson.

To the Voters of Alachua County:

I desire, through this medium, to express to you, one and all, my most grateful appreciation for the magnificent vote you gave me in the primary election of May 15th. I certainly feel highly complimented by this expression of satisfaction from the tax-payers of old Alachua with my efforts to discharge the duties incumbent on the office with fairness and impartiality. I assure you it shall be my constant effort in the future, as it has been in the past, that each year may show some improvement over the past, both in efficiency and in deportment in office. Again thanking you, one and all, for you liberal support, and assuring you I shall constantly strive to so conduct myself that none will have the slightest cause to regret the confidence and trust you have given me, I beg to remain. Yours very truly,

W. D DICKINSON

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

Another Republican scandal is looming up at the national capital through the investigation of the Government Insane Hospital, and it makes one's flesh creep to read of the cruelties practiced on some of the unfortunate inmates.

The Washington Star reports an alliance between President Roosevelt and Senator Penrose to defeat the insurgents in Pennsylvania and give the corrupt machine there another lease of power. This machine will need more than ten Administrations to save it from the wrath of an outraged people.

After all that Standard Oil has done for the Republican party, even raising the five millions of corruption funds in 1896, that saved the day for Hanna and McKinley, it seems rather ungrateful for the g. o. p. politicians to sneak away, instead of standing by it in its distress. Even Senator Aldrich appears to have caved in on the alcohol bill.

Facts count more than talk and buncombe. Profitable results from municipal ownership can be perceived right at our doors. West Tampa, as a trite instance, makes money out of its water and lighting plants. You can go take a trolley and learn the facts if you really want to know. There is no sense in quibbing about such matters when facts to substantiate the claims of the municipal ownership advocates are so close at hand.—Tampa Globe.

Judge Harry A. Peeples, who came to Gainesville twenty-four years ago from South Carolina, but who for nearly twenty years has been a resident of Tampa, has written an interesting little book giving an account of his experience in Florida, which The Tampa Tribune says is to Florida what General Longstreet's book, "Georgia Scenes," is to Georgia. The book is handsomely illustrated and will prove of interest to many of the older residents of Gainesville. Price 50 cents.

The Roosevelt Administration will soon come to be known as the great compromisers, for in addition to compromising on the railroad rate bill and trying to compromise on the statehood bill it is now proposed by Secretary Taft to compromise with the Senate on the Philippine tariff bill, by raising the rate of duties to 80 per cent of the regular rates instead of 25 per cent. Can anyone give a fair reason why the people of the Philippines should be taxed 50 per cent and the Porto Ricans and Hawaiians have free trade with the United States, except that the tobacco trust and the sugar trust and the rice trust say so?

Few realize the gigantic task undertaken by Mr. Flagler in extending the Florida East Coast railway to Key West. The expense in preparing for this great undertaking is simply enormous. Almost an army of men are busy framing the timber which will be transported to the keys for the building of depots, houses, etc. On the keys are several thousand men at work, blasting out the rock and building the road-bed. A considerable distance has already been completed and it is said by railroad men who have inspected the complete work that it is the best road-bed in the United States.—Ocala Banner.

PUBLICITY DEFEATED.

The Republican majority of the House committee on election of President, Vice-President and members of Congress, very naturally voted to drop, like a hot baked potato, consideration of the bill for publicity of campaign contributions. They decided it was loosely drawn, but it was probably tight enough, if enacted into law, to have afforded considerable inconvenience and perplexity to the chairman of the Republican Congressional Committee, who will receive contributions, this summer and fall, from sources that he would not care to disclose. When the sugar trust produces its sweet donation, and the steel trust disgorges some of its tariff plunder, and the coal trust, through Brother Baer, or some of the other God entrusted coal barons, "comes down with the dust," it would be awkward to publish these facts to the world. The reason for the refusal of the Republican majority in Congress to revise the tariff that shelters trusts would be too plain for even the most rock ribbed, but obtuse, Republican voter to endorse. Of course the intelligent voter has observed the evidence that has been published from authentic sources that the trusts and corporations have furnished millions to keep the standpatters in power and that even the funds that should have been sacred to the widows and orphans of life insurance policy holders were illegally and feloniously diverted to the same corrupt purpose. It is true that President Roosevelt denied, in the closing day of the last National campaign, that the Republican National Committee had received such contributions, but nevertheless his victory at the polls is still clouded by these tainted millions, and no restitution has been made.

No wonder, then, that Republican politicians united in refusing to consider a bill that would make contributions from such tainted sources almost impossible. Future Republican committees would be at the starving point under such circumstances.

FOR SPEAKER OF HOUSE.

Announcement is made in The Times-Union of Sunday of the candidacy of Judge Syd L. Carter, recently nominated as a member of the Legislature from Alachua county, for Speaker of the next House of Representatives. Judge Carter is especially qualified for this position and it would delight his friends throughout the State to see the honor conferred upon such worthy shoulders. His knowledge of parliamentary law, recognized ability, as well as past legislative experience, eminently fit him for the position of presiding officer, and his long and faithful service to the Democratic party justly entitle him to the honor. He is a man who does things, and with him in the chair there would be no congested calendar and consequent rush of business at the close of the session, which has so often in the past resulted to the detriment of the people. The people of his home county, who gave him such a flattering vote on May 15th, earnestly hope that the people of other counties will recognize his worth and select him as Speaker of the next Legislature, to convene in April, 1907.

The people of Putnam county evidently appreciate the worth of the two gentlemen who preside as editor of the two papers published in Palatka—The Times-Herald and The News—else they would not have nominated these men as candidates for the Legislature. The Sun ventures the prediction that each of them will measure up to the expectations of his respective friends, as has the editor of The Starke Telegraph, who has been re-elected.

Want a 14-Foot Waterway.

Chicago, May 19.—The "grave possibility" of a war with England, coupled with a word picture of the mammoth British battleship Dreadnaught bombarding Chicago at a range of ten miles, while the proposed American rival, recently nicknamed the "Skeered o' Nothin'" by John Sharp Williams, lay useless at the mouth of the Mississippi river, was presented Thursday night as a sufficient reason for the construction of a 14-foot deep waterway from Chicago to the gulf. The idea was advanced by Henry T. Rainey, member of congress from the twentieth Illinois district, at the banquet of the Chicago Commercial association at the Sherman house.

APPY CLOSING OF HIGH SPRINGS SCHOOL

ommencement Exercises Comprised Program of High Order.

MOST SUCCESSFUL TERM

ll Pupils Showed Mark of Excellent and Careful Training, and a Resolution of Thanks Was Passed for Faculty—Medals Awarded.

High Springs, May 21.—Commencement exercises in the High Springs igh School closed on Friday of last eek with great success, and made a ne showing for the school and teachrs. The good record made by the lasses generally shows that our school as had a fine corps of teachers, and e patrons and public generally apreciate their efforts towards buildi g the school and establishing it on a igh plane of educational excellence.

The graduating exercises of Thursay evening were especially worthy of raise, the class winning high enconi-ms for their really superior essays.

Hugh Futch delivered his oration in ne style, receiving much applause for s effort. His subject was "The New outh," and it was especially interesg to hear the fresh, new ideas of his neration on this subject, which has aimed the attention of statesmen of r own and other countries. Hugh is, himself, a fine product of the counhe eulogizes.

Miss May Stewart, in her essay on Home," did justice to the subject, d was highly applauded. Miss Onie imes, in "The Value of Little Things," as equally successful, and highly ap reciated. Miss Annie Lou Hodges, e elocutionist of the class, delivered r very fine essay, "High Ideals," in od voice and impressive style, makg a decidedly good impression on the dience. Miss Maggie Day made a reat success as Historian, and Miss illie Morrison as Class Prophet was imitable. The audience enjoyed ese two numbers immensely. Lared Quinlan, first honor boy, followed ith an able article on the Panama anal, and closed with the Valedictory ddress.

Dr. E. T. Allen, principal, delivered e diplomas with a short but eloquent nd touching address.

A class reception was held after the xercises, when the graduates received ongratulations, which were extended the proud and happy parents.

Elegant refreshments were served, nd a happy flow of good feeling mark-d the occasion which is a turning oint in the young lives of this graduting class of 1906.

A pleasant feature of the evening's ntertainment was a memorial of hanks to the teachers—Dr. E. T. Alen, E. L. Price, Mrs. J. E. Vassie and iss Kittie Carlton—for their good ork in the school. The resolutions ere framed by Mrs. John Quinlan, igned by the patrons and friends of the school, and read by W. N. Gramling.

The commencement music was under the able direction of Mrs. M. G. Webb, and contributed largely toward making the exercises the great success they were. One feature of the program for Thursday evening deserves special mention—Mendelssohn's Spinning Song, by Miss Hilda Webb. This classical selection was skilfully rendered and met with great applause.

The exercises of the lower grades were conducted Friday, and were very good, several children showing marked talent in their work. Special mention is made of Bell and Sue Cloud, the twin daughters of Mrs. Madie Cloud, who won great praise for recitation, and also their little sister, Marguerite Cloud, for recitation and singing. Other children also marked approval for good work, but space forbids an individual notice.

There were two gold medals awarded, one to Paul Wood of the seventh grade, and one to Emma Barrs of the sixth grade, both for general excellence.

A very enjoyable feature of commencement week was the W. C. T. U. contest for a gold medal. Ernest Hopson won it for the best delivery of a temperance recitation.

SAVED BABY LYON'S LIFE

Untold Suffering and Constant Misery—Awful Sight From that Dreadful Complaint, Infantile Eczema—Commenced at Top of his Head and Covered Entire Body.

MOTHER PRAISES CUTICURA REMEDIES

"Our baby had that dreadful complaint, Infantile Eczema, which afflicted him for several months, commencing at the top of his head, and at last covering his whole body. His sufferings were untold and constant misery, in fact, there was nothing we would not have done to have given him relief. The family doctor seemed to be wholly incapable of coping with the case, and after various experiments of his, which resulted in no benefit to the child, we sent to Mazon, Ill., to a druggist and got a full set of the Cuticura Remedies and applied as per directions, and he began to improve immediately, and in about three or four days began to show a brighter spirit and really laughed, for the first time in a year. In about ninety days he was fully recovered, with the exception of a rough skin, which is gradually disappearing, and eventually will be replaced by a healthy one.

"Praise for the Cuticura Remedies has always been our greatest pleasure, and there is nothing too good that we could say in their favor, for they certainly saved our baby's life, for he was the most awful sight that I ever beheld, prior to the treatment of the Cuticura Remedies. Mrs. Maebelle Lyon, 1826 Appleton Ave., Parsons, Kan., July 18, 1905."

COMPLETE TREATMENT $1

Complete external and internal treatment for every humor, consisting of Cuticura Soap, Ointment, and Pills, may now be had for one dollar. BEAUTIFUL HOME WEDDING.

Two Prominent Young People United In Holy Bonds of Matrimony.

The home of Mr. and Mrs. James Fennell was the scene of a beautiful wedding on last Wednesday afternoon at 6 o'clock, when their charming daughter, Miss Rosa Lee, was united in marriage to Mr. Lannie Brantley.

The bride looked beautiful in a light cream silk costume, with lace trimming, wearing a veil and wreath, carrying a boquet of white roses. She is one of the leading belles and general favorites of the Melrose section.

The groom looked his best in conventional black. He is a high-toned, energetic young man, who holds a responsible position in the United States mail service.

The bride's maids were Miss Lottie, a sister of the bride, dressed in a beautiful light blue mull with lace, and Miss Emma Price, an intimate friend, dressed in a beautiful white mull with lace. The groomsmen were Mr. Ross Norton and Mr. George Shearouse.

The ceremony was performed in a very impressive manner by Rev. T. H. Sistrunk, pastor of the Melrose Methodist church.

The bride and groom took position under a beautiful and tastfully decorated wedding bell.

Both bride and groom are from two of the oldest and most highly respected families of old Putnam, and number their friends by the score.

When all was ready, we repaired to the dining-room—the decorations were pink and green—where a bountiful feast was awaiting us.

When justice was done the good things to eat, the bride and groom departed amid a shower of good wishes on the 9:30 train for a wedding tour. They will return to Grandin, their future home.

The presents were numerous as well as handsome.

Congratulations from all are extended them.

If you had all the wealth of Rockefeller, the Standard Oil magnate, you could not buy a better medicine for bowel complaints than Chamberlain's Colic, Cholera and Diarrhoea Remedy. It never fails, and when reduced with water and sweetened, is pleasant to take. Every family should be supplied with it. Sold by all druggists.

HEIRS OF LEE TO GET $10,432

Minority Leader Williams Led Filibuster Against Bill.

Washington, May 21.—Reminiscent of the stressful days of the forty-seventh congress were the scenes in and about the house Friday.

Hardly had the journal of the house been approved when the democrats under the leadership of Mr. Willis, of Mississippi, began the first real filibuster in that body in a number of years, their object being to defeat the bill paying to the estate of Samuel Lee, of South Carolina, $10,482 for allowances made by reason of the election of Lee, a negro contestant for a seat in the forty-seventh congress.

This bill had been reported favorably at nine congresses, six times by republicans and three times by democrats. The certificate of election which Lee contested was given to J. S. Richardson. The committee on elections reported in favor of Lee. A vote was taken of the resolution, 124 voting in favor of the resolution, 114 against. Lee's contest progressed no further. The democrats began a noted filibuster and the forty-seventh congress died by operation of law without a quorum being present.

Friday a filibuster followed about similar lines, Mr. Williams resorting to the well known parliamentary tactics to encompass the defeat of the measure.

There were numberless roll calls and still more divisions demanded and taken, but the bill was finally passed.

Ministers Fall Before Camera.

Des Moines, Iowa, May 21.—Five commissioners to the Presbyterian general assembly were bruised and injured late by the collpase if a temporary stand, which had been erected for the purpose of getting a group photograph. The injured are Dr. C. Lukins, Rosewell, N. Mex., hip bruised; Rev. W. O. David, Mononga hela,, W. Va., hip bruised; George Wills, Mendota, Ills., back bruised; Rev. J. M. McGaughey, Charlton, of Iowa, leg strained; Rev. W. C. Buell, of Taos, N. Mex., back bruised. Mr. David is the most seriously hurt and is under a physician's care. The other victims will be able to resume their seats in the assembly, it is believed.

Are Preparing for Meeting.

Dublin, Ga., May 21.—The people of Dublin are making preparations for the entertainment of the County Officers' Association, which will hold its annual convention in this city commencing on June 20. At the meeting held in Bainbridge last year it was voted to meet in Dublin this year. The association is composed of ordinaries, sheriffs, clerks of superior, city and county courts, chiefs of police, deputies of the aforesaid officers, solicitors general and solicitors of the city and county courts. It is not yet known just what will form the entertainment of the visitors, but Dublin will do the right thing.

Sciatica Cured After Twenty Years of Torture.

For more than twenty years Mr. J. B. Massey of 3322 Clinton St., Minneapolis, Minn., was tortured by sciatica. The pain and suffering which he endured during this time is beyond comprehension. Nothing gave him any permanent relief until he used Chamberlain's Pain Balm. One application of that liniment relieved the pain and made sleep and rest possible, and less than one bottle has effected a permanent cure. If troubled with sciatica or rheumatism why not try a 25 cent bottle of Pain Balm and see for yourself how quickly it relieves the pain. For sale by all druggists

Uses and Abuses of Memorial Day.

Washington, May 21.—A circular has been issued by the commanders association of the department of the Potomac, Grand Army of the Republic, calling attention to the uses and abuses of Memorial day, and inviting all those in sympathy with the objects of the day to abstain from demonstrations that will detract from the sacred memories that cluster around the services of those whose graves we strew with flowers on this one day of the year which should be given over to the men that suffered that we might be a happy, prosperous nation.

It Is Dangerous to Neglect a Cold.

How often do we hear it remarked: "It's only a cold," and a few days later learn that the man is on his back with pneumonia. This is of such common occurrence that a cold, however slight, should not be disregarded. Chamberlain's Cough Remedy counteracts any tendency of a cold to result in pneumonia, and has gained its great popularity and extensive sale by its prompt cure of this most common ailment. It always cures and is pleasant to take. For sale by all druggists

Oil Discovered in Tift Swamp.

Tifton, Ga., May 21.—W. J. Henderson, who claims to have discovered rough diamonds in the bed of a stream near Tifton a few years ago later that he found gold in the drillings from the artesian well at the ice plant, and last year formed a stock company to develop an oil well in Florida, thinks he has found oil in a swamp a mile below the surface of the ground. The product of his borings is a dark muddy water on which an oily scum rises which has no odor of petroleum.

Dr. G. A. Nunnally Quits Race.

Newnan, Ga., May 19.—Dr. G. A. Nunnally, of Coweta, pastor of the Second Baptist church of Newnan, has announced his retirement from the race for governor. He urged his followers to throw their influence on the side of Judge Dick Russell, whom he declared stands for the principles he advocated. The action of the state executive committee in refusing to adopt a measure prorating the vote of each county in convention, in accordance with the respective strength of each candidate in the primary, is given by Dr. Nunnally as the chief reason for his withdrawal. He stated that the plurality rule adopted was unfair to his candidacy.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and doctored with leading physicians and tried all remedies suggested without relief. Finally, I tried Foley's Kidney Cure and less than two bottles completely cured me, and I am now sound and well." During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. J. W. McCollum & Co.

Mrs. T. J. Metts nee Miss Bessie Haile left Friday for her home in Wilmington, Del., after a pleasant visit of six weeks with her mother, Mrs. Rachael Haile of this city. Mrs. Metts has a host of friends here, the home of her childhood, who regretted to see her leave so soon for her Delaware home.

Prof. and Mrs. W. E. Bell, who during the past term had charge of the Hawthorn school, have removed to this city, and are now pleasantly located at 701 North University street. Prof. Bell expects to enter the State Normal here, which begins in June. They are gladly welcomed as residents, and it is hoped they will be well pleased.

The official tabulated statement of the result of the primary election of Tuesday, the 15th inst., appeared in our semi-weekly edition of Monday, and may be found in this issue of The Daily Sun. This statement could not be secured until late Friday evening, and it was impossible, owing to a lack of force in our mechanical department, to put the same in type prior to Monday's issue.

J. Ira Gore of St. Petersburg passed through the city Sunday en route to Atlanta, where he has accepted a position in the business department of The Southern Fancy Poultry and Fancy Stock Journal. Mr. Gore has been for some time connected with The Independent at St. Petersburg, and is one of the most widely known young newspaper men in South Florida. He will be greatly missed by the State press.

MRS. R. WILSON.

WILL HAVE BIG HOTEL.

Worthington Springs Will Soon Take Care of All Who Come.

Allen Graham has returned from that popular resort, Worthington Springs, where he has been recuperating for the past two or three days.

Mr. Graham states that work on the big hotel, which is being erected by Wells & Lamb, is progressing finely. There is employed a large number of workmen, and it is believed the hotel can be completed within the next thirty days. The building will contain about sixty rooms.

Worthington has always been a favorite resort, but unfortunately the accommodations, although good, have been limited. On many occasions it has been necessary to turn applicants away on account of lack of room, but with this new hotel there will be ample accommodation for all.

The spring, which has been made famous for its medicinal properties, is also being greatly enlarged and improved, as the owners anticipate a big rush the coming summer, especially since the resort has now been placed on the main line of the Atlantic Coast Line.
